MRS. HARRIET BEECHER STOWE'S JOUR-EY TO ITALY. - A Romish correspond-"Mrs. Beecher Stowe, the celebrated au-

thoress of Uncle Tom's Cabin, is at present in Rome, after a somewhat disastrous journey both by land and sea. Mrsa Stowe left Marsoilles on the 14thiust, by the Calabrese steamer, and followed the coasting route by Genon and Leghorn without mishap until Tuesday evening, when, about 11 o'clock, between Leghorn and Civita Vecchia, enger having retired to their boths, a violent cancussion gave in-tination of something having gone suits. The Steamer lad come in collision with a consting vessel; the captain and second offi-cer were both holow, and the accident would ave been far more serious had not a British naval officer, a passenger on board the Calabrese, perceived from the deck the dangerous vicinity of the other vessel, and instantly gave the signal to stop the steamer, which direction was fortunately followed by which direction was fortunately followed by the engineer. As soon as the collision took place, the captain and his officers rush ed upon deck, followed by the affighted passengers, in various stages of toilet; boats were hoisted out to ascertain the amount of damage inflicted upon the smaller vessel, which not appearing to be very serious, he steamer entinued her voyage after half in hour's delay. One of the paddlewheels, however, had been so much injured as to give way entirely soon after. and the as to give way entirely soon after, and the Culabrese only reached Civita Vecchia in a very crippled condition, at noon the fol lowing day, instead of early in the morning lowing tay, instead of early at the morning.

Mrs. Stowe was not more fortunate by land, for one of the wheels of the carriage in for one of the wheels of the carriage in which she was proceeding to Rome came off in the nainterhood of Palo, and the efforts of the driver to sustitute a linchpin were for a long time singularly unsuccessful; nor was his ultimate contrivance at all a durable one, for the oilending wheel came off a second time in the streets of Rome, the carriage upset, and the travelers res ened from the wrecks were obliged to sit upon their baggage in the middle of the street until the shattered vehicle was hanled off and conveyances produced to take them to their respective lodgings. Mrs. Stowe proposes remaining a few weeks in Rome, previous to visiting Naples."—N. Y. Tri-

Prose works of Henry Wadsworth Long-fellow, complete in two volumes, Boston Ticknor and Fields. For sale by A. J. Ward.

Here are two more of Ticknor & Field's exquisite blue and gilt miniature volumes. The Prose of Longfellow uniform with his poems, giving us the entire works of the "sweetest of all signers," in four heautiful volumes for three dollars.

Of the prose of the Poet we need say little. It has already recommended itself to quiet readers. To all who wish to be healed of mental fever (and how very large is this class!) the dreamy pages of these volumes is always a comfort.

Here is the Journey beyond the sea, so like a tour by moonlight. Here is the sad, mystic but hopeful Story critique of life and letters, Hyperion. Here too is Kavanagh, full of grace, delicate humor, and inspiration, a good fragment of romance worth a score of finished stories.

These volumes contain some Essays and Table talk never before published. The essay upon Dante translated from Shelling is especially noticeable.

The first volume contains a fine picture of Longfellow engraved after Lawrenc's por-

Two years ago; by the Rev. Charles Kings-ley, author of "Amyas Leigh" &c., Bos-ton, Ticknor and Fields, I vol. For sale by A. J. Ward. 99 Thames street. A new book by Charles Kingsley will always be a welcome guest. His spirit is like the breath from the mountains in summer full of new life.

Let every one who has the foolish habit of croaking about the lack of good men and true in this age, read this book. It is a picture of the life we have just been living. As its title indicates, it is a story of Two years ayo, and no greater novel could be written than such a tale. Nothing is 50 new to us as a real vision of the day just ended. Its import and its beauty are relations to us.

Mr. Kingsley has put into this book al he wealth ofheart so conspicuous in Alton; Locke, while the under tone of the whole is much deeper and calmer. The author is at least an accurate and hearty observer of life, and tells a story every way worth listening to. We say by all means, young men and maidens, leave your vellow covers and read the contents of this fine blue cover, which the enterprising house of Ticknor & Fields have given us simultaneously with the Euglish publication.

REPUBLICAN ASSOCIATION IN WASH TON. -A correspondent of the Boston Tra eller says the Washington city Republic Association continues in organization, and in as full operation as at any time except the late campaign when mader the direction of the Exceutive Committee. They hold their weekly meeting, and continue to keep the public informed of their action in some way the same as before by debates, published resolutions, or by open meetings. Their publishing committee have issued a work of some 400 pages, actavo, containing every important speech of the campaign delivered in Congress, hesides several more elsewhere, in Congress, hesides several more elsewhere, as well as divers reports and lectures bearing on the same subject. It is well bound and obtains a ready sale at half a dollar per copy. The Association has been in existence but a little over a year, and now numbers more than one hundred members. It has become a political power, and the intention of the Association is to make manifest their strength at the next election which will take place in June next, for Collector and Register.

SLAVERY IN OREGON.—The Portland (Oregon) correspondent of the New York Herald, says the question of a State Government is to be submitted to the people of Oregon in June, and as they will undoubtedly vote for it, Oregon will be asking for admission to the Union in less than a year. He adds :---

'The question of slavery will then be "The question or stavery win then he submitted to the people, and the result is very doubtful. Unquestionably the proslavery party are gaining ground and numbers. The large doubtions of land to early settlers (640 acres,) with the sparse popula-tion, will greatly influence many to vote for

it who otherwise would not. A wealthy gentleman of New York offers to support, during a four years' course of study preparatory to the Christian ministry, flity young men chosen for piety and intellectual profiles. The estimated expense is \$200 per year; making the sum of \$15,000 a year for tour years, or \$60,000 m all contributed to the cause of ministerial education.—Worrester Transcript.

THE PARIS MARKET WOMAN .-- A mag-Western Congressional District. nificant new market has just been completed in Paris, which occupies more than an eighth of a mile square in the centre of the city.— Brayton, Jackson. Scat. Day before yesterday the designation of places was to take place, and in the performance of this duty the administration of the markets and the market women came to an open and violent rupture. A deputation of \$2 six hundred of these women immediately repaired to the Tuileries, and with vociferathe Emperor. His Mujesty gave orders for the presentation of some of the number to expulsin their difficulty and after hearing 30 the explanation, he promised to give the affair speedy attention. The morning papers announce, in effect, that yesterday he drove to the market in his pheton and took cognizance of the matter on the ground. The spectacle of this great multitude of market women in the court of the Palace was so unusual, that before 85 their departure an immense crowds of peo-ple had collected on the outside of the iron railing of the court.—Cor. > MUSIC AT HOME.-Music serves to make home pleasant, by engaging many of its inmates in a delightful recreation, and thus dispelling the sourness and gloom which frequently arise from petty disputes, from mortified vanity, from discontent and envy. It prevents, for the time, at least, evil shoughts and evil speaking, and tends to relieve the minds of both performers and leaves from the development of finest of company of the performers and the performers are the performers are the performers are the performers and the performers are the perf relieve the minus of noin performers and hearers, from the depressing effects of care and melancholy. Young people need, and will have amusement. If an innocent and improving kind be not provided at home, they will seek elsewhere. If they find places more agreeable to them than home, that home will be deserted; and the gentle and holy influences which ought to encircle the family fireside, will be in a great measure

For surely melody from Heaven was sent, To cheer the heart when tired of human stric, To soothe the wayward heart by sorraw rent. And soften down the rugged road of life.

THE NEW COLLECTOR OF NEW YORK .-We are happy to learn, as we do from an authentic source, that Mr. Schell himself, and not the Secretary of the Treasury or the President, as under the proceding ad-ministration, is to be Collector. Mr. Cobb professes his entire ignorance of New York politics, and his entire confidence in Mr. Schell, and does not propose to meddle in any way with the patronage of his office.—
That looks promising. Nothing so belittled the late President and his cabinet as the interest they took in dispensing the patronage of their own immediate subordinates. The country saw, before the year was out, that the Chief Magistrate distrusted his own officers, and was devoting to the wrangles of tide-waiters and night-watchmen time and thought which were required for much more important duties. In nothing did Mr. Pierce show so distinctly as in this, how much better he was qualified by nature for a horse-jockey than a President—N. Y. Post.

Mr. Ront. M. Parnjerk, 192 Pearl st.
Dean Sin:—The Defiance Sale, No. 6,778, purchased from you about eighteen months since, was in my house at Newport, R. I., which, with the furniture, was entirely destroyed by fire on the night of 5th the June last. The Sale, after being exposed to an intense heat for many hours, was recovered on the 10th of June. Not having the necessary tools at hand to open it, the same has stood just as when recovered, until shipped to your address, Nov. 1st. When opened at your store this morning, I was agreeably surprised, as were also others present, to find the contents, consisting of valuable silver plate, &c., in as perfect order as when placed therein. It is with pleasure I add my testimony to the merits of the Sales of your manufacture. Voirs, Respectfully.

ARE NEGROES CITIZENS. - The Senate of Maine has manimously passed an order to put the following question to the Judges of the Supreme Court of that State:—"Are free colored persons of African descent, having a residence established in this State for the term of three months next proceeding any elections, authorized under the proviions of the Constitution of this State electors for Governor, Senators and Represetatives."

The New Orleans Rulletin of the 18th says: The obstructions at the mouth of our great stream are becoming a serious draw-back upon the commerce of the city. Com-plaints of late have been loud and emphatic. It is time some action were taken by the commercial community in the premises .-Yesterday there were some twenty vessels lying on this side of the bal, unable to cross over, and nearly as many on the outside trying to come in. Such a state of things calls for some energetic action.

THE GREATEST WONDER OF THE ACE.

A REMEDLY which CURES IN FIVE MINUTES.—M. LENGUX'S French Cholera Cognac Bitters. This truly wonderful scientific compound is recommended by the most eminent and learned physicians of all Burope and America, and enjoys the best reputation of anything similar ever offered. It is without doubt, the best most efficient and generally acknowledged remedy against cholera, dysentery, diarrhoea, and complaints of the stomach in general. The numerous patients who have tried it according to directions have invariably found relief in a very short time, and the best proof of it is, that since this standard remedy was introduced in the armice of the Allies in the Crimea, the mortality of the sobliers from cholera and similar diseases was diminished by over 75 per cent.; it consideration of which, the inventur was presented by the French and English governments with a gold medal, hearing the inscription, "Hail! M Leroux, the great chemist and inventor, by whose knowledge our armies are preserved from cholera."

This invaluable preparation is also a remedy for billiousness, indigestion, weakness, and general derangement of the stomach. Upon being taken, it creates appetite, and prevents the heaviness attendant upon eating by persons who are dispensive.

In this city, also this remedy has been tried with the most undoubted success, and the undersigned can produce the best testimonials of our most celebrated physicians, as to its immediate and complete success, which he will be happy at any time to show to any that may wish to see them.

S. STEINFELD, Sole Agents for the United States, 70 Nassan street, corner of Juhn, N. Y.

P. S.—Those, net habe to pay, may call at my place from 3 to 5 p. m., and receive this remedy gratis.

PROFESSOR WOOD offers for sale perfect IIAIR RESTORATIVE. It in a short time restore the Hair, which has become gray prematurely, to its original coloj—bring it out where it is gone, and arresti when it is falling off—cleanse the head of dandrulf and litchings—remove all cataneous eruptions, and render the scalp perfectly healthy, by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to the roots. It does not Dye the hair, but is, in short a perfect Hair Invigorator and Tonic.

To the young, who so much admire the heat itial locks and trigglet, he feels that he will be pardoned if he offers the advice suggested by Jong study and extensive observation. It is to discard all cologne and stimulating oils for the hair, and keep always upon the toiler a bottle of the Restorative for accasional—use and we can safely predict, that henceforth sil ver locks will be upon bald heads. Let the dark eye be ever so picreing,—and the teeth be those of pearl—still_if the

the teeth be those of pearl—still, if the natural fluids be withheld from the heir, and in consequence becomes first dead and harsh, then gray, or falls off nature will be robbed of more than half its charms; as it is a sovereign remedy for those who are gray as well as those who are bald, all must see the prepriety of making only such application to the hair and scalp as is encludated to preserve both in a healthy state.

From the editor of the Real Estate Advertiser No. 2 School Street.

Boston, March 20, 1855.

Prof. Wood—Dear Sir—Having hecome prematurely quite gray, I was induced some 6 weeks since, to make a trial of your Hair Restorative. I have used less than two bottles, but the gray hairs have disappeared; and although my hair has not fully attained its original enlor, but the dange is gradually going on, and I have great, hopes that in a short time my hair will be astdark as formerly. I have also been much gratified at the healthy moisture and vigor of the hair, which, before was harsh and dry, and it has escaed to come out as formerly.

Respectfully yours.

Milford, Worcester Co., Mass., Nov. 13th, 1855.

Prof. O. J. Wood—Dear Sir—I take pleasure in hearing voluntary testimony to the magic effects of your wonderful Hair Restor ative. As far back as 1856 my hair commenced falling out until the top of my scalp became baid and smooth as glass, and it has continued to fall off for a great many years, notwithstanding I have used many celebrated preparations for its restoration. Seeing your advertisement I was induced to give your article a trial, and to my utter astonishment I found after a few applications that my hair became firmly set and tassured by very glossy and beautiful appearance; and at the time I had used a quart buttle, my hald head was covered over with a young and vigorous growth of hair, which is now from one to two inches in length, and growing very fast.

I have used Prof. O. J. Wood's Hair Restorative, and as I thought permanently gray, but by the use of his Restorative, it has resumed its original color, and I have no doubt permanently so.
